Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 30 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Warm with prolonged sunshine.

Today:
Any cloud in the north will soon clear during the morning as conditions brighten up, with long periods of sunshine across the region. Feeling very warm, particularly in southern areas. Maximum temperature 21 deg C (70 deg F).

Tonight:
Dry for all with plenty of clear skies across the region, although some patchy low cloud is possible. Feeling mild tonight with light winds. Minimum temperature 6 deg C (43 deg F).

Wednesday:
Another dry day for all with sunny spells across the region, though low cloud and sea mist may affect coastal areas at times. Feeling warm for most. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
Conditions staying largely dry throughout this outlook with sunny spells, although turning much cooler with colder nights, bringing a likelihood of frost.
